

8th International FLINS Conference On Computational Intelligence in Decision and Control

Madrid, 21 - 24 September 2.008

BEST POSTER PRESENTATION AWARDS

Once the votes of the FLINS 2008 Scientific Committee have been collected, the FLINS 2008 Best Poster Presentation Awards are the following:

THIRD FIRST Best Poster Presentation Award (this time three posters tied in the number of votes) to be given, respectively, by **Jie Lu** (FLINS 2008 Program Co-Chair), **Luis Martínez** (FLINS 2008 Program Co-Chair) and **Javier Montero** (FLINS 2008 Local Chair):

- "Some consensus measures and their applications in group decision making", presented by **José Luis García-Lapresta** and other authors.

- "A goal programming model for humanitarian aid distribution", presented by **Begoña Vitoriano** and other authors.

- "An integrated framework of early warning systems", presented by **Guanquan Zhang** and other authors.

SECOND Best Poster Presentation Award, to be given by **Da Ruan**, FLINS General Chair:

- "Fuzzy logic in real estate valuation", presented by **Victoria López** and other authors.

FIRST Best Poster Presentation Award, to be given by **Da Ruan**, FLINS General Chair:

- "OriEB, a linguistic collaborative recommender system for supporting decision making in academic orientation", presented by **Pedro Sánchez** and other authors.
