

Workshop

Symmetries and Lagrangian Formalism in Geometry & Physics

A homage to Jerrold E. Marsden

November 19th, 2010. Room 225, Facultad de Matemáticas, Universidad Complutense de Madrid

Programme:

- 10:00, A. Alonso Izquierdo (USAL, Spain)
Traces of differential operators and quantum corrections to the kink mass
- 11:00, M. Rodríguez Olmos (UPC, Spain)
The geometry of symplectic quotients of cotangent bundles
- 12:00, E. Miranda Galcerán (UPC, Spain)
Symmetries and geometric quantization
- 15:30, L. Šnobl (CVUT, Czech Republic)
Poisson-Lie T-plurality and invariant D-branes

Organized by:

Grupo de Investigación UCM, *Geometría Diferencial y Simetrías de Sistemas*,

J.M. Ancochea, R. Campoamor, M. Castrillón,

R. Ferreiro, E. Rosado. Proy. GR58/4120818-920920 de UCM-BSCH
