

# Colloquium del Departamento de Análisis Matemático

**Adriana Nicolae**

**Universidad de Sevilla**

**“"Lion-Man" and the fixed point property”**

**Viernes 2 de junio de 2017**

**a las 13:00 horas en el seminario 222**

## **Abstract:**

**This talk focuses on the relation between the fixed point property for continuous mappings and a discrete lion and man game played in a strongly convex domain of a locally compact geodesic space.**

**Departamento de  
Análisis Matemático**
