Useful information for participants

- ❖ Meals: Meals are served in the restaurant of every faculty in campus from 1 pm to 3 pm. The quality of the food and the prices of these restaurants are both quite reasonable in general. We recommend the following restaurants which are all very close to Facultad de Matemáticas:
 - Restaurant of the *Facultad de Químicas*. It is located on the second floor of the Faculty of Chemistry.
 - Restaurant of the *Facultad de Biológicas*. It is located on the ground floor of the Faculty of Biology, behind Math building.
 - Restaurant of the *Facultad de Físicas*. It is located in the first basement of the Faculty of Physics.
 - The above three places are in the Plaza de Ciencias, which is the park located in front of the Faculty of Mathematics. The Faculty of Chemistry is on the right of the Faculty of Mathematics and the Faculty of Physics is across the park (see map below).
 - Restaurants of the *Escuela de Montes y Forestales*. Marked with a star in the map below.

- Conference dinner: The conference dinner will take place on Thursday 9th at 21:00 pm at the *restaurant Metro Bistro - Plaza Mayor*. The address is *Calle Imperial 3*. It is very close to the *Plaza Mayor*. See map below.

Color card

You will receive a color card inside your conference folder. This card is thought to be a part of a box of theorems dedicated to Prof. Jesús Ángel Jaramillo on occasion of his 60th anniversary. Please, write down your favorite theorem (or proposition, or lemma, or open problem...) on the color card, sign it and return it to the organizers. We will take care of the rest.

Security

During the last conference, several computers disappeared (actually they were stolen). We recommend you not to leave your belongings unattended.
